

NUTRITION: *Corrigendum*

Corrigendum to “Effects of increasing dietary zinc sulfate fed to primiparous ewes: I. Effects on serum metabolites, mineral transfer efficiency, and animal performance” (Appl. Anim. Sci. 36:839–850)

W. C. Stewart, T. W. Murphy, C. M. Page, D. C. Rule, J. B. Taylor, K. Austin, and C. Pankey

In Table 8, the column heading “log-NFEA” should be “log-NEFA.” In the title of Table 9, the last description of transfer efficiency is erroneously “ FE_{Zn} ” and should be “ TE_{Zn} .”
