

Science and Applications in AAS

Articles in these scientific areas and applications in animal science and production are published in the journal as they apply for beef cattle, dairy cattle, horses, poultry, companion animals, swine and other species that benefit mankind with meat and milk, work (e.g., draught), recreation, ecosystem services, fuel, and material byproducts (e.g., hides, feathers and feed byproducts). Authors will select one of the following topic areas when submitting a manuscript for peer review.

- Extension and Teaching
- Food Science
- Forages and Feeds
- Genetics
- Health
- Production and Management
- Nutrition
- Physiology
- Sustainability and Integrated Systems
- Welfare and Behavior
